## Plan Launch Toward Moon

CAPE KENNEDY, Fla. (AP) —The United States is to launch the Ranger 7 spacecraft today on a quarter-million-mile journey to the moon to take thousands of pictures and hopefully end six years of frustration for American lunar shots.

An Atlas-Agena rocket is to blast skyward in a favorable launching period between 11:32 a.m. and 1:42 p.m. Eastern Standard Time. Thunderstorms were forecast but officials hoped they would hold off until later in the day.

The flight plan called for the 806-pound spacecraft to execute several intricate maneuvers and crash-land on the moon Thursday morning after a 68½-hour, 230,992-mile trip.

Sixteen hours after launching, a ground station is to send a radio signal to fire a payload motor and jockey the craft into a collision course with the moon.

## Emergency Plan On Fire Equipment

Gettysburg's fire fighting apparatus was parked along the second block of Baltimore St. today while borough workmen began resurfacing operations on the first block of E. Middle St., cutting off access to the borough fire engine house.

Mayor William G. Weaver said that only brief stops for purposes of loading and unloading will be permitted in the reserved areas.

The special arrangements for the firemen and their equipment will be returned to normal as soon as the street work progress permits, Mayor Weaver said, but the present arrangement may have to remain in force until some time Wednesday.

East Middle St. is to get a new surface for its first two blocks in the current operation.

## 7 STARS FIRM POSTS BOND ON STATE CHARGES

Officials of Hercules Alclor, Inc., Seven Stars, this morning posted $500 bail for a hearing Wednesday morning at 10 o'clock before Justice of the Peace Robert P. Snyder for failure to comply with a directive of the Air Pollution Commission, Harrisburg.

The commission inspected the plant facilities July 15 and found that the directive, which expired July 5, had not been observed.

The charge was brought by state police for the Commonwealth agency.

**"CEASE AND DESIST"**

The abatement order by the state Air Pollution Commission, dated June 5, named the Hercules Alclor Chemical Company of Seven Stars as the respondent and continued with the order directing the Seven Stars firm to:

"Alter its manufacturing operations so that emissions from each aluminum chloride reactor shall be vented to a separate condenser, which condenser shall be provided with a dump valve which shall be so constructed and operated that air contaminants will not be emitted into the atmosphere from the base of the condenser while the reactor is operating. Each separate condenser shall be vented to one or more secondary condensers which, in turn, shall be vented to a stack. The stack shall be of such height, and the emissions discharged from the stack to the atmosphere shall be at such a rate that no visible emissions occur at ground level outside the plant property.

"On or before July 5, 1964, cease any of its aluminum chloride manufacturing which is not altered in the manner set forth in paragraph one of this order."

**TRYING TO COMPLY**

On July 6, a representative of the Hercules Alclor firm told the Gettysburg Times that his firm was "working to comply" with the state order. He said equipmen had been designed and purchased and the first of six units had been delivered by that date. Work on the required changes had been underway for three weeks, The Times was told, and had brought regular operations at the plant to a "virtual standstill." There was no estimate at that time as to how much time would be required to complete the plant alterations. The state order requires a "virtual rebuilding" of the plant, the spokesman said.

## Four Brothers Perish In Fire That Destroys Home; Mother, Sister Are Hurt

NANTICOKE (AP) — Authorities today were investigating a fire that killed four brothers and seriously injured their parents and a sister.

The dead were identified as William Neely, 10, Howard, 7, David, 5, and Carl, 3.

The father, William Neely, 38, had gone to get four quarts of milk from a store Sunday about a mile away from the home, when the fire broke out Sunday morning.

But he was burned when he unsuccessfully attempted to break into the house upon his return in an attempt to rescue the others.

**LEAP TO SAFETY**

The mother, Mary, 37, and a daughter, Mary, 13, got out to a porch roof from their second-floor bedroom, then jumped to the ground. They suffered burns and other injuries.

All were admitted to the Nanticoke State Hospital.

Fire Chief James Roan, of the West Nanticoke Fire Department, said that when firemen arrived after being summoned by neighbors, the house was like an inferno. All firemen could do was play water on it.

The bodies of Howard, David and Carl were found in the basement. William's body was found alongside the kitchen stove.

Firemen theorized that the mother, daughter and four boys were in bed on the second floor. Part of the floor apparently gave way, and the boys fell through.

Kenneth Williams, deputy Luzerne County coroner, said the children apparently suffocated.

The home, located on Route 11 about a mile and half south of West Nanticoke, was completely destroyed.

Funeral services for the brothers will be held Tuesday in Plymouth. Burial will be in the Evarts Cemetery in Five Forks.

## Hoffa And Six Others Are Convicted Of Defrauding Union Pension Fund; Can Get 20 Years And $11,000 Fine

By SEYMOUR M. HERSH

CHICAGO (AP)—A jury out for three days found Teamsters Union President James R. Hoffa and six others guilty Sunday of a massive scheme to defraud a $280-million union pension fund.

Hoffa, a trustee of the pension fund, was convicted in U.S. District Court on four counts of fraud and conspiracy and faces 20 years in prison and an $11,000 fine.

Each codefendant was found guilty of at least one fraud charge and one of conspiracy.

**MAIL FRAUD**

The indictment included 20 mail fraud charges and one conspiracy charge.

The men specifically were convicted of fraudulently arranging more than $20 million in loans from the pension fund and divertig more than $1 million to their ow use.

Atty. Gen. Robert F. Kennedy hailed the decision and complimented the jury and prosecuters in a statement from his summer home in Hyannis Port, Mass.

Hoffa faces a maximum sentence of $1,000 fine and five

JAMES R. HOFFA

years on each of the fraud counts and $10,000 and five years on the conspiracy count.

**5TH PROSECUTION**

It was Hoffa's fifth federal prosecution since 1957—and his second loss in six months. In February he was sentenced to eight years in prison and fined $10,000 at Chattanooga, Tenn., for attempting to bribe a jury. He has appealed that conviction.

The stocky union leader nervously paced the courtroom floor while waiting for the jury to return its verdict, but showed little outward emotion afterwards.

The case went to the jury Friday after 13 weeks of testimony and sparring between prosecution and defense.

It took two weeks for opposing attorneys to agree on the eight-man, four-woman jury. During the trial, the jurors were kept under lock and key at the Great Lakes Naval Base 30 miles north of Chicago and permitted only one monitored telephone call per day.

The jury returned separate findings on 147 charges — 21 naming each defendant. They had deliberated 17½ hours, returning to Great Lakes Friday and Saturday nights.

Judge Richard B. Austin set Aug. 17 for rulings on motions made immediately by defense attorneys for arrest of judgment, a directed verdict of acquittal despite the jury's find-

# GOP MEET ON BARRY STAND

WASHINGTON (AP)—Whether Sen. Hugh Scott, R-Pa., will support Sen. Barry Goldwater for president will be decided after a conference with other statewide Republican candidates, an aide to Scott says.

Scott probably will attend a Wednesday caucus here of Republican members of Congress. Rep. Robert J. Corbett, dean of the Pennsylvania House members, said Saturday Goldwater undoubtedly will be the main topic of conversation then.

This would provide Scott with the views of his GOP colleagues from Pennsylvania before reaching a decision.

The senator returned here Thursday from a Canadian vacation following the GOP convention but has remained silent on whether he will support Goldwater.

Scott was floor manager at the San Francisco convention for Pennsylvania Gov. William W. Scranton who opposed the Arizona conservative for the nomination.

Corbett, another Scranton backer, said last week that he is not ready to state his position.

Rep. Richard Schweiker, who served as chairman of the Scranton-for-President club of Pennsylvania, has announced he will support the national Republican ticket in November at Scranton's request.

# Facilities And Staffs In Practical Arts Lauded In Senior High's Evaluation

Praise for staff members and facilities were linked with recommendations in the report of the Committee of 16 in its evaluation of the Industrial Arts, Home Economics and Vocational Agriculture departments of the Gettysburg Senior High School. The evaluation was made in April and the report recently became available.

The report dealing with these three departments follows:

**INDUSTRIAL ARTS**

**Commendations**

The committee commends the school for:

Its course of study with its provisions for increased offerings and development.

The triple track program operating within the course offerings

The correlation within Industrial Arts shop activities and with other departments.

Facilities in the senior high building.

The cooperation and interest shown by the administration in the industrial arts program.

Efforts in preforming school service.

Qualifications of personnel.

Quality, quantity, and availability of reference material.

**Recommendations**

The committee recommends that:

Lighting be improved in wood and metal areas.

Dust collection and/or control be provided in the wood shop area.

Re-organization of tools and materials be carried out in wood and metal areas.

A follow-up study be made to determine selection of new course offerings.

**HOME ECONOMICS**

**Commendations**

The committee commends the school for:

Classes small enough to provide for individualized instruction.

Basic equipment is good and of sufficient variety to illustrate advantages and disadvantages.

The prepared course of study. (Based on the recommended State Resource Materials.)

The well organized and functioning chapter of the Future Homemakers of America.

**Recommendations**

The committee recommends that:

Efforts be made to increase the number of students taught in home economics (without significant class size increase) through the following considerations:

Limit time allotment to one period per day per week. This should enable greater flexibility for the administration to schedule academic, general, and business students for homemaking.

Develop a specific elective course in "Family Living" for boys and girls in 11th or 12th Grades. We suggest the assistance of Guidance and Business Departments be enlisted for determining course outline. This could be an excellent opportunity for team teaching.

**VOCATIONAL AGRICULTURE**

**Commendations**

The committee commends the school for:

The large number of FFA Keystone Farmers (approximately 80) and American Farmers (6) in this department sinct it was established.

Including in the agriculture program of studies the training for agricultural related occupations as well as training for proficient farming.

Interest and participation of adults in the agriculture out-of-school youth and adult program.

Favorable acceptance and support of the agriculture program by the community.

The noteworthy professional background, competence, and dedication of the teachers in this department.

The honor bestowed upon the department chairman when he received the honorary American Farmer degree at the national FFA Convention at Kansas City a few years ago.

**Recommendations**

The committee recommends that:

A larger greenhouse be provided.

Opaque curtains between the classroom and shop be provided.

Classroom facilities for Ninth Grade agriculture students be provided in the senior high school building near the agriculture department.

That vocational agriculture students assist in planting trees and shrubbery around the senior high school building.

Principal's note:

Opaque curtains between the classroom and shop have been ordered and will be installed by September 1, 1964.

During the month of April, the vocational agriculture students, under the direction of Mr. Glenn, planted eight pin oak trees in the large lawn area in front of the senior high school.

# ROOKIE WINS 1ST FOR CARDS

PHILADELPHIA (AP)—Gordon Richardson says winning his first major league victory in his first appearance was worth the seven years of despair he has spent in the minor leagues.

The 25-year-old St. Louis Cardinals' southpaw beat the National League leading Philadelphia Phillies 6-1 Sunday, only two days after reporting from Jacksonville in the International League. The Cards swept a doubleheader from the Phils, winning the nightcap 4-1 behind lefty Ray Sadecki.

"I can see now that it was worth all the heartbreak, and trouble of moving my family around," said the 6-foot-1 blond after his five-hit victory.

He started the 1964 season as a "mop-up" man for Jacksonville, and mopped up so well they made him a starter. His record was 9-3, and even more impressive, he posted an earned run average of 1.47. The Cards, hurting for pitching, decided to call him up.

St. Louis almost lost the 175-pound native of Colquitt, Ga., in the spring of 19663, when the Los Angeles Angels drafted Richardson for $25,000.

"I pitched six innings in spring training of 1963 for the Angels giving up no runs, but found myself back in the St. Louis chain at Atlanta," Richardson recalled.

The Angels, it seems, didn't think enough of Richardson to keep him and sold him back to St. Louis for $12,500.

# EVACUATE 2,000 IN NIGHT FIRE

PHILADELPHIA (AP)—A six alarm fire Sunday night destroyed the Columbia Storage Co., Inc., in South Philadelphia and forced the evacuation of 2,000 persons.

Some 150 firemen fought the blaze for nearly three hours before bringing it under control.

There were no reports of injuries.

The six-story building was used to store furniture and appliances. The owner, Leon J. Wilcocke, 54, told fire officials the building had been closed on Friday for the weekend.

No cause was immediately determined for the fire, which sent columns of dense smoke billowing skyward and attracted hundreds of onlookers.

The Red Cross made arrangements for temporary shelter for those forced to flee and Fire Chief James McCarey said they should stay away from their homes at least overnight.

EPINAL, France (AP)—A bus carrying a French folk-dancing troupe crashed through a bridge guard rail and dropped 30 feet onto a railway track early today, killing 19 persons and injuring eight.

The performers had taken part in a European folklore festival at Senones, in eastern France. They were returning to their homes in the Perpignan region, on the Mediterrenean coast.

# 22 RESCUED AS FISHING BOAT SINKS

CAPE MAY, N.J. (AP) — A Marine investigation probably will be conducted into the sinking of a party fishing boat here Saturday, a Coast Guard spokesman said today.

The 37-foot "Marlin" broke apart on a jetty at the entrance of Cape May harbor and sank. The 20 passengers — a group from Paxtang, Pa.—and the two crewmen made it to safety.

A Coast Guard spokesman in New York district headquarters said investigations are undertaken in marine accidents where there is loss of life or property loss totaling more than $1,500.

**STILL IN SHOCK**

Sunday, Capt. Walter Haas sought to determine if he could save anything from the boat.

"He's pretty well banged up and still in a state of shock," Haas' wife said, "but not seriously injured."

All 22 persons aboard the Marlin were taken to Burdette Tomlin Memorial Hospital in Cape May Court House, but only two were admitted—Mrs. Anna Reilly, 48, of Harrisburg, Pa., and Charles Brent, 33, of Lebanon, Pa. They were released from the hospital Sunday.

Mrs. Reilly had been admitted for observation and Brent for treatment of a dislocated shoulder.

**HEADING FOR SHORE**

The accident occurred after the Paxtang group had done some deep sea fishing and the boat was heading for shore.

Capt. Haas ordered the passengers to don life jackets after the engine died. Then winds estimated at 25-30 miles an hour and high seas forced the craft onto the rocks and Haas ordered everyone into the water. The passengers made it to the jetty but Coast Guard rescue vessels could not get too close to the rocks. The 22 persons had to swim to the boats.

Those not admitted to the hospital were treated for minor cuts and exposure. They were edand given dry clothing and boarded a bus for the return trip to Paxtang.

# SHOOTS 3 FOR MAKING NOISE

PHILADELPHIA (AP) — A North Philadelphia man who, police said, shot three of his neighbors because he thohutg they were making too much noise is being held in $1,000 bail for grand jury action.

Williams Dabney, 53, was given a hearing Sunday before Magistrate George Woods.

Police said the three were sitting in front of their apartment house Saturday night when they got into a quarrel after Dabney protested the noise.

They said Dabney went into the house and returned with a .30 caliber rifle.

Detained at Temple University Hospital were Bozie Smith, 60, shot in the right leg, and Mrs. Mary Brickley, 58, shot in the left hip and left wrist; Margo Jean Cole, 3, was treated for a bullet wound of the neck and released.

# BALLOONIST IS KILLED IN BENEFIT RACE

PITTSBURGH, Calif. (AP)—A champion balloonist was killed Sunday when his gondola drifted into high-tension wires and exploded in a white flash of fire.

Richard Pollard, 19, of Denver, was competing in a four-balloon benefit race to raise funds for a recreation center for the handicapped at nearby Clayton. He was the national hot air balloon champion.

The race had been scheduled originally for last Saturday in San Francisco's Golden Gate Park, but it was canceled by Police Chief Thomas Cahill as "too hazardous."

**HAD TROUBLE**

Pollard had difficulty with his balloon when the race started at Clayton, a less populous area. A crowd of more than 3,000 watched as he left 10 minutes behind the others because of last-minute repairs.

Russ Reed, a photographer for the Oakland Tribune, watched from a small airplane as Pollard's balloon headed toward the 150,000-volt wires.

"He missed one, then another," said Reed. "But he hit a third. Then this huge white flash went up.

"The pilot's body dropped straight down about 50 feet and lay motionless.

"We saw a motorcycle cop drive up, take one look at the body and drive away," Reed said.

# 2 GRID STARS DIE IN CRASH

RENSSELAER, Ind. (AP) — The sports world was stunned today by an auto crash which killed Chicago Bears' star halfback Willie Galimore and his teammate, John Farrington.

Galimore, a seven-year veteran who was drafted from Florida A&M University in 1956, and Farrington, a 6-foot-3, 217-pound offensive spread end, were killed in the wreckage of Galimore's car late Sunday night on a rural road.

State police said Galimore and Farrington apparently were returning to their living quarters at St. Joseph College when Galimore's car skidded out of control on a curve.

Galimore and Farrington had been training with the Bears in preparation for the College All-Star football game Aug. 7. They had attended a players' meeting earlier in the evening.

# MITCHELL HAS NEW JOB WITH RACIAL GROUP

BALTIMORE (AP) — Joseph McD. Mitchell—embroiled in a welfare administration controversy when he was Newburgh, N. Y. city manager—is in Maryland stumping for the anti-Negro Citizens Councils of America.

Mitchell says he hopes the councils, dedicated to restoration of racial segregation, will become an effective pressure group on the Maryland legislature.

He said there is already one council branch in Hyattsville, a suburb of Washington.

**RECRUITING IN MARYLAND**

Mitchell, 42, said he has been successful in recruiting in Maryland's rural areas, particularly the eastern shore where "many of the counties,are already in th hands of the conservative-minded people."

He said Marylanders who have shown an interest in the councils are usually sympathetic to Sen. Barry Goldwater, the Republican candidate for president.

Mitchell said he was employed by the National Council Headquarters in Jackson, Miss. He said he has been on the job for a month.

**NATIONAL REPUTATION**

Mitchell, as city manager of Newburgh, acquired something of a national reputation three years ago when he began what he called "crack-down on welfare chiselers."

His welfare code denied financial support to illegitimate children, limited relief payments to two weeks to city newcomers and required able-bodied recipients to work a 40-hour week for the city.

Much of the plan was overturned by state and federal authorities.

Later Mitchell was acquitted on charges of taking a bribe. He resigned as city manager last September.

# KELSO FIFTH AT AQUEDUCT

By ORLO ROBERTSON

Associated Press Sports Writer

NEW YORK (AP)—Kelso, king of American thoroughbred race horses the last four years, has abdicated, leaving the contest for the handicap division and Horse of the Year titles wide open.

The 7-year-old gelding from Mrs. Richard C. du Pont's Bohemia Stable turned in probably the worst race of his illustrious career last Saturday when he finished fifth back of the record-shattering Gun Bow in the $110,000 Brooklyn Handicap at Aqueduct.

He was beaten nearly 15 lengths for the purse of $71,500, which would have moved him within one major victory of Round Table's all-time money winning record. Round Table earned $1,749,869. Kelso has won $1,634,952.

Trainer Carl Hanford was unable to account for Kelso's poor showing.

Kelso went to his knees in the gate before the race. "But that apparently did no damage," Hanford added.

Gun Bow, a 4-year-old packing 122 pounds, reeled off the first sub-two minutes for 1¼ miles in New York history. He was timed in 1:59 3-5 as he finished 12 lengths in front of Olden Times, who edged Sunrise Flight for runner-up honors.

# GUARD CALLED TO CURB RIOTS IN ROCHESTER

By ROBERT T. GRAY

ROCHESTER, N.Y. (AP)—This riot-scarred city emerged today from a bloody weekend of racial violence with four dead, hundreds of injured and massive property damage. An uneasy peace was backed by a combat-ready force of National Guardsmen.

Gov. Nelson A. Rockefeller activated 1,000 guardsmen and ordered them into Rochester to stand by for anti-riot duty if needed.

"Law and order will be maintained in the city of Rochester," the governor declared.

A detachment of 12 open trucks with 18 guardsmen each toured the city's trouble areas in a show of force shortly after the arrival of the guard Sunday night. The men carried rifles with bayonets fixed but had no ammunition.

Three persons were killed and a county official was injured critically Sunday when a helicopter surveying a potential trouble spot smashed into a three-story house and set it afire.

# Girl's Corpse Found Naked And Slashed

SKOKIE, Ill. (AP)—Police searched today for a night-roaming ghoul who stole the body of a 14-year-old girl from its casket, then abandoned it slashed and naked in an alley.

The body of Theresa Koertgen was taken Saturday night from a Skokie funeral home by an intruder who broke in through a window.

Some 20 hours later, an Evanston motorist nearing his garage in the early hours saw the body in the alley behind his home.

Later Sunday, a long-sleeved yellow dress believed to be the one in which the girl had been laid out for burial was found in an alley on the north side of Chicago.

**DEMENTED MAN**

Capt. Edward Caulfield, head of the Skokie police force, described the crime, technically only a burglary, as "unbelievable in this day and age." The theft and mutilation of the corpse pointed to a demented man, he said.

Police questioned and cleared two men, one a 16-year-old acquaintance of the girl and the other a man seen loitering around the funeral parlor.

Theresa was the daughter of Leo Koertgen, an auto sales firm executive. She lived with her mother, Margaret, who was divorced from her father.

The girl died Wednesday in Skokie Valley Community Hospital after collapsing Tuesday in a Skokie swimming pool. An autopsy showed she died of a cerebral hemorrhage.

ings, or a new trial. He ruled the defendants could remain free under present bond arrangements until the hearings.

Walsh said he planned to appeal Hoffa's conviction.

**ONE IS JAILED**

One defendant, Benjamin Dranow, 56, a former Minneapolis businessman now serving a priso term for tax fraud, was returned to jail.

The government's conspiracy conviction resulted from its charge that Hoffa and the others schemed to rescue Hoffa from a failing investment in a real estate project near Orlando, Fla.

Besides Hoffa and Dranow, the defendants are: Samuel Hyman, Calvin Kovens and Abe I. Weinblatt of Miami Beach; Zachard Strate Jr. of New Orleans and S. George Burris of New York.

Herbert Burris of New York, son of George, was freed on a directed verdict during the trial.

## Out Of The Past

### *From the Files of the Star and Sentinel and The Gettysburg Times*

**ONE HUNDRED YEARS AGO**

**500,000 More Men Wanted:** The President has issued his Proclamation calling for 500,000 volunteers for the military service, allowing fifty days in which to recruit them, after which, on the 5th of September, a draft will take place to fill the deficiency. All credits will be allowed to the various districts for all soldiers which have been furnished in excess of calls heretofore made. The draft will be for one year.

* * *

**Board Of Enrollment:** The Examinations for the supplementary Draft in Adams county under the call for 700,000 men were held in the Court House on Wednesday. The men reported with a commendable degree of promptness. About 80 men were drafted to fill the deficiency, all of whom were examined on Wednesday — excepting a few who failed to come up to time, and several others who had "shuffled off this mortal coil" and left for a region where their draft notice failed to reach them. We are unable to give the result of the Examinations, but understand that a very large proportion availed themselves of the commutation privilege, which still held good in their cases.

**Friends of the Soldiers!:** Remember that there will be a special election Tuesday, August 2, 1864. Upon Amending the State Constitution to give Pennsylvania Soldiers in the Service THE RIGHT TO VOTE. Don't forget th eday and don't fail to vote "FOR THE AMENDMENT."

* * *

**Friends of the brave soldiers** of the Republic! See that every district is thoroughly prepared for the special election on Tuesday next. Pennsylvania must cheer her gallant patriots in the field by declaring, by a decisive majority, that they shall vote in the selection of our rulers. Their cause is the country's cause and they must not be disfranchised.

**SEVENTY-FIVE YEARS AGO**

**The new building for the Hanover Shoe Co.** is under roof. It is of brick, two stories and a basement with slate roof, and will have a fifteen horse-power engine placed in it.

**In the townships of York county** bordering on Cumberland many horses are suffering from a disease which has all the symptons of epizooty. Coming right in the midst of harvest, farmers are much inconvenienced. In some places, where prompt precautionary measures has been disregarded, the disease has proved fatal, one farmer losing as many as three horses in one day.

* * *

**Cashtown Items:** Reports are currently of a wedding since Saturday morning. If such is the case, look out, "Billy," the boys are laying for you. It will cost a big set up of butter-milk some evening soon. You got away well without any noise . . . Mr. Levi Heiges of this place is putting an engine in his shop for the purpose of running his lathe and a belt saw to facilitate his out-put of wagons, buggies and repairs. The outlook is for more improved machinery in the future. Mr. Geo. W. Martz has also added some improved machinery in his smith shop. Both are doing a thriving business . . . . Master Frank Hartman, of Hilltown, on Sunday heard a noise in his rabbit burrow and on going there discovered a weasel trying to drag off one of the young. Unfortunately the animal escaped but he saved his rabbits.

Baker; Hunterstown Primary, Miss Fannie Bell; Pines, H. G. Deatrick; Woodside, May McIlhenny; Fairview, Rachael Stahle; Rocky Grove, W. C. Storrick; Round Top, Fannie Brinkerhoff; New Chester, T. D. **Steam Heat For College:** The building committee of Pennsylvania College met Thursday evening and awarded the contract for steam heating to the Kelly Jones Company of Pittsburgh, for $15,000. This was the lowest bid by several hundred dollars and includes heating all buildings on the college campus. The building containing the plant will be on the lot south of the campus and will cost about $1,800. The programme for the dedication of the new building was completed. The exercises will take place at 2:30 p.m. in Bru Memorial Chapel; Hon. W. S. Kirkpatrick, Attorney General, will deliver the address and Dr. Valentine will perform the act of dedication. Gov. Beaver has been invited and is expected to be present.

## Today's Talk

**TROUBLE IS OPPORTUNITY**

A very large number of the heroes of this world would never have been heard from had not trouble of some sort come along.

Trouble creates opportunity — opportunity for service, for the stimulation of ideas, for the discovery of latent and unknown abilities, and for putting to the test all the faculties of the human mind.

The mind has to be alert and creative to face trouble. Trouble calls for quick action, for a courageous stand, and for patience, as well. Every corner of the brain is taxed when trouble looms.

Instead of finding fault, of complaining, of despairing, when trouble arises, bear in mind that trouble always means opportunity! Many people do not begin to live, or to learn the value of life until they are awakened from their slumber by some serious trouble.

Trouble tones one down, too. The greatest writers are those who have known life in a variety of phases — mostly those where trouble brewed. Such writers dip their pens into their hearts instead of their brains.

Selfish people are quite often those who have never known trouble. Always self-centered, they have not been led into the secret passages of other people's problems, their heartaches and shattered illusions. But when they have experienced trouble, opportunity for self-revelation appears, a new world is opened up to them, and in that world they see new beauties arise and a happiness is aroused about which they never before dreamed. Yes, trouble is opportunity.

How brave people are who have known trouble. They are the ones to tie to as friends, companions, or partners in business.

Don't duck trouble. It is bound to come to us all at some time or other. Face it. Handle it. It always means opportunity — for growth, for development, and for genuine happiness.

## BREAK GROUND ON SUNDAY FOR PARSONAGE

St. Paul's Lutheran Church congregation participated in a parsonage ground breaking ceremony at the close of the Sunday worship service. Over 100 members went to the parsonage site on the south side of Glenwyn Drive.

The Rev. Graham T. Rinehart, pastor, led the ground-breaking program, which was as follows: Hymn; responsive reading; Psalm 100; Scripture lesson, St. Luke 6:47-49; Lord's Prayer; ground breaking with congregational participation; benediction by the pastor, and closing hymn.

The building plans and specifications are now being drawn. Upon completion, bids will be asked. It is expected to start with the excavation and building in about six weeks. The parsonage will be of brick construction. The building committee includes: Charles H. Fissel, chairman, Charles E. Rabenstine, Luther D. Snyder, Luther W. Ritter, Herbert Plunkert, Stanley B. Stover and H. Dean Stover, lay president of the Council.

"Remember Who You Are" was the subject of the sermon delivered by Pastor Rinehart during the worship service. He read the scriptures from Proverbs, I Corinthians and Luke.

A covered dish supper will be held in conjunction with the July meeting of the Lutheran Church Women on Tuesday at 6:30 p.m. at the church. The Church Council will meet on Wednesday at 7 p.m. The monthly meeting of the Starr Bible Class will be held at 7:30 p.m. on Thursday at the church. The Intermediate Choir will occupy the choir loft next Sunday at 7:45 a.m. when Holy Communion services will be held at 7:45 and 10:30 a.m. and 4 p.m.

## 7 ADMITTED TO BASEBALL'S HALL OF FAME

COOPERSTOWN, N.Y. (AP)—The doors to Baseball's Hall of Fame were opened to admit seven new members today, swelling the list of those enshrined to 101.

Four of the newcomers were here in person to receive the honors. They were former American League batting champions Heinie Manush and Luke Appling and right-handed pitchers Burleigh Grimes and Urban Faber, who won 270 and 253 games, respectively.

The other three—Tim Keefe, John Montgomery Ward and Miller Huggins—were inducted posthumously. Members of their family represented them at the ceremonies conducted by Baseball Commissioner Ford Frick.

Appling, who led the AL with a .388 batting average in 1936 and with a .328 figure in 1943, was elected last Feb. 20 by the Baseball Writers' Association of America. The others were appointed by the 12-man Veterans' Committee on Feb. 2.

The annual Hall of Fame game, this year between the Washington Senators and New York Mets, highlighted the day's celebration in this village of 2,500 population, which was expected to swell to about 10,000.

YORK, Pa. (AP)—Two men riding in a 1957 car with Michigan license plates are being sought for the armed robbery of two deaf-mutes.

Police identified the victims as Roy Garrett of La Grange R. 1, Ga., and Wayne Whitehurst of Tampa R. 3, Fla. Both were here for a convention when the robbery occurred Sunday.

## DECISIVE U. S. VICTORY OVER RUSSIANS; SET 2 NEW MARKS

LOS ANGELES (AP)—With two World records headed for the books, along with three American marks, the United States celebrated its most decisive victory and the Russians flew home for extra-intensive training for the Olympics Games.

Such was the wind-up of the sixth dual meet between the USA and USSR, whose track and field aggregations are regarded as the most powerful in the world.

A crowd of 55,924 turned out for the final show Sunday in Memorial Coliseum — 50,519 watched Saturday—bringing the two-day total to 106,643.

**FINAL 187-156**

The final scores: in men's events, the United States 139, Russia 97; in womens events' Russia 59, the United States 48; and over-all, the United States 187, Russia 156. It was the first time the United States won over-all.

The Russians on arrival from Moscow said their team was two months behind the Americans, because of the seasons, and with two months to go before the Tokyo Games, it could appear the Soviets will have a busy time in the immediate weeks ahead.

There were highlights for all and the crowd kept up a noisy rumble of approval each afternoon.

**BIG ROAR SUNDAY**

The big roar Sunday went to 27-year-old Jim Grelle for his victory in the 1,500-meter run, and Bob Schul as he and 39-year-old Bill Dellinger ran off with the 5,000 meters.

The day before the ovations went to 18-year-old Gerry Lindgren after his amazing triumph in the gruelling 10,000, and the two world record smashers, Fred Hanse, 17-4 in the pole vault, and Dallas Long, 67-10 in the shot-put.

The main attraction Sunday was Russia's record holding high jumper, Valery Brumel. But Brumel managed 7-3½ and missed at 7-6 in an attempt to better his mark of 7-5¾.

The American records were set by Ira Davis in the triple jump at 53-11, by Leah Ferris of Honolulu in the 800 meters in 2:08.8, and Willye White of Chicago in the broad jump, 21-6. Miss White placed second at 21-7¾ but it was wind aided and would not hold up as a national record.

**OUTSTANDING FIRSTS**

There were several outstanding firsts for the Americans in this meet:

First victories in the 10,000 meters, Lindgren in 29:17.6; in the triple jump, Davis' 53-11; the 5,000, Schul's 13:50.2; the 3,000-meter steeplechase, by George Young, in 8:42.1.

It was also the finest showing by the women's team since the meet began in 1958.

There were disappointments for the Americans, too. Dyrol Burleson was unable to run in the 1,500 because of a severe virus attack Sunday morning.

Then Ralph Boston lost in the broad jump, Hal Connolly in the hammer-throw and Randy Matson's third place in the shot-put.

## Playoffs In B.L.L. Start Tonight

The regular season champion American Legion team will tangle with the Eagles this evening at the recreation field at 6 o'clock when the Big Little League begins its postseason playoffs. Tuesday evening the second place Kiwanis tangles with fourth-place Elks. The Elks won the toss of a coin to break a tie for fourth with the Exchange during the regular season. The winners of the first two games will then meet Thursday to decide the playoff championship.

In the event of inclement weather, playing dates will be moved back a day.

The annual All-Star game with the "Old-timers" will be staged Saturday afternoon at 1:30 o'clock.

## CARDINALS TO KEEP GRIDDERS IN ST. LOUIS

**By JERRY CURRY**
**Associated Press Sports Writer**

ST. LOUIS (AP)—The football Cardinals are not going to migrate South next fall—after deciding their grounds are best in St. Louis.

Charles and Bill Bidwill, president and vice president of the National Football League team, made the formal announcement Sunday in a joint statement at St. Louis. Charles Bidwill made an announcement at the Cardinal training camp in Lake Forest, Ill., while his brother read the statement in St. Louis.

The brothers said they had reached an agreement on a 30-year lease early Sunday after a meeting with Civic Center Redevelopment Corp.

"We expect to sign the lease within 30 days," said Bill Bidwill.

**MONTHS OF SPECULATION**

The announcement came after months of speculation that the team might move to Atlanta. A new stadium under construction there would be finished in 1965. St. Louis' riverfront stadium is not scheduled for completion until 1966. Civic Center is the prime backer for the St. Louis stadium.

The Cardinals, oldest team in the NFL, moved to St. Louis from Chicago in 1960.

The brothers Bidwill said that under the lease agreed to at St. Louis the Cardinals could leave the city in five years without penalty. They said that if the team decided to leave before the five years, they would pay $100,000 a year on time left in the five year period.

"But," Bidwill said, "we have no intention of paying the penalty."

## RALSTON WINS WITH HIS BEST

HAVERFORD, Pa. (AP)—"I guess this is the best I've ever played on grass," said Dennis Ralston, after winning the men's singles championship Sunday in the 65th Pennsylvania Lawn Tennis Tournament at the Merion Cricket Club.

In the women's division, Justina Bricka of St. Louis won the title by upsetting top-seeded Mrs. Clark Graebner of Shaker Heights, Ohio, 6-4, 18-16.

Ralston, ranked second in the nation, took 55 minutes to upset America's No. 1 tennis player, Chuck McKinley, 6-1, 7-5, 6-3.

The 21-year-old Southern California collegian served eight love games and lost only three points on his serve in the first set, three in the second and two in the third.

Ralston hasn't lost a set now in over two weeks of top flight competition. It was the second Sunday in succession that Ralston, of Bakersfield, Calif., upset McKinley, his Davis Cup teammate. He toppled McKinley 6-2, 6-2, 6-1 last week in Chicago for the U.S. Clay Court title.

McKinley had no alibis for the loss.

## FISTS FLY AS REDS WIN TWO; GIANTS GAIN AS PHILLIES FAIL

**By MURRAY CHASS**

Rico Carty, a former boxer, has made a big hit in New York.

Seven hits, in fact. Five with his bat and two with his right.

Carty, a 24-year-old rookie, was all over the place, especially right in the middle of a two-punch fight, as Milwaukee swept the Mets 11-7 and 15-10 Sunday.

Continuing his torrid streak, Carty collected a pair of two-run homers, a double and two singles, driving in eight runs in the two games and increasing his batting average to .342, only one point behind Roberto Clemente's major league - leading .343.

**NEW YORK DEBUT**

Before he became a professional baseball player, Carty was an amateur fighter in the Dominican Republic. He couldn't understand why he had to train so many weeks for one bout, but he did it anyway. He did it so well, in fact, that he won his first 17 fights.

His career, however, came to an abrupt end.

"One time I lost, and I don't like to lost," he explained.

Carty didn't lose Sunday when he briefly rediscovered his fondness for fisticuffs. His New York debut—a few miles from Madison Square Garden—came a few minutes after the night-cap started.

Milwaukee's Denis Menke led off the game with a homer against Frank Lary. Lee Maye, the next batter was hit with a pitch. When he got up, he started toward the mound but was intercepted by Mets' catcher Chris Cannizzaro, a would-be peacemaker.

Both dugouts emptied, Carty leading with his fleet feet and his right. His first swing caught Cannizzaro, and he followed with one to the jaw of first baseman Frank Thomas. There were no knockdowns.

The partisan crowd of 31,782 booed the decision — Carty wasn't ejected.

**DODGERS**

But the reception didn't bother the versatile slugger. One out later, he slammed his 12th home run into the left field stands.

In other NL games, St. Louis stopped Philadelphia 6-1 and 4-1, San Francisco defeated Los Angeles 5-2, Pittsburgh whipped Cincinnati 5-1 after losing 7-2 and Chicago blanked Houston 3-0.

Carty drove in five runs in the second game, the last tying the contest 10-10 in the eighth inning after the Mets exploded for seven runs in the seventh. Joe Torre followed with a single, knocking in the lead run. Hank Aaron, who had six hits and six RBI in the doubleheader, added a three-run homer in the ninth.

The Phillies saw their league lead sliced to one-half games over San Francisco as two left-handers stymied them. Gordon Richardson, making his first major league appearance, checked the Phillies on five hits in the opener as did Ray Sadecki in the second game.

**KOUFAX BEATEN**

Some faulty Los Angeles fielding helped the Giants halt Sandy Koufax' winning streak at 11. Koufax led 2-1 going into the ninth, but Jose Pagan beat out a bunt, continued to second on Jim Gilliam's wild toss, went to third on a sacrifice and scored as Maury Wills dropped a pop up.

Koufax got another out before Willie Mays doubled across the winning run. Jim Hart followed with a homer, clinching Koufax' fifth defeat against 15 victories. The ace let-hander hadn't lost since May 27.

Bob Veale won his 12th game against six losses with a four-hitter against the Reds. The Pirates scored all of their runs in the fourth inning, three on Willie Stargell's second homer of the day and two on Jerry Lynch's single.

Leo Cardenas cracked his first career grand slam in the opener, connecting off Roy Face in the eighth inning.

Larry Jackson checked the Colts on five hits, outdueling Ken Johnson who allowed six hits. Two of the Cubs' hits, though, were a two-run homer by Ernie Banks and a bases-empty blast by Ron Santo.

## Littlestown Little League

The Pirates continued their tight hold on third place by defeating the Phillies 14-3 and the Cardinals won their third in four outings by edging the Indians 8-7 in a makeup game, Saturday afternoon.

Dennis Boyd went the distance on the hill to pitch the win for the Pirates as he fanned seven men and allowed four scattered hits. Steve Strevig tossed for the Phillies and struck out nine.

The Cardinals tallied two runs in the bottom of the sixth to capture their win over the Indians. Barry Myers singled to left, stole second and romped home on Ed Klunk's single to right. Klunk then stole second and moved to third on a ground ball. With two outs and two strikes on the batter, the catcher flipped the ball back to the pitcher who in turn missed the short pitch and Klunk streaked home with the winning run.

Dick Klunk receives credit for the win as he allowed two hits, walked two and fanned seven. He has hurled only two innings in the last two years prior to Saturday's assignment. He relieved Barry Myers in the second after the Indians had taken a 7-0 lead.

The point battle for the track championship has Bud Folkenroth with 1,470 points, Frankie Thompson 1,455, and Gene Goodling 1,420. The top three have been battling for the lead for the past eight weeks.

Eddie Koontz's long drive off the right field fence in the bottom of the 11th inning with the bases loaded and none out gave Littlestown a 3-2 victory over league-leading Arendtsville Saturday evening under the lights at Littlestown. The defeat shaved Arendtsville's lead to half a game.

"Tweetie" Bankert led off the 11th with his third hit. Bob Weaver bunted and the second baseman dropped the throw at first base. Dean Yealy bunted perfectly for a hit to load the bases and set the stage for Koontz.

Littlestown scored a run in the first on a triple by Bill Heyser and a single by Ron Crouse. In the sixth Arendtsville knotted the score on singles by "Rabbit" Taylor, Shultz and Harry Hartzell. Littlestown went ahead with a run in its half on a single by Bankert and triple by Clyde Crouse. Arendtsville sent the game into extra innings with a run in the ninth via a walk to Little, sacrifice by Brough and a Littlestown error.

Dick Stauffer, Littlestown moundsman, upped his record to 5-0. He fanned 17 but also walked 12. Dick Pitzer, loser, whiffed 12 and walked two.

Littlestown will meet the Hanover Legion in an exhibition game at Littlestown Tuesday evening at 8 o'clock.

Harney and Brushtown made up their postponed game of May 3 at Harney with Brushtown taking a 9-4 decision. Snyder was the winning pitcher and Moose the loser.

## Upper Adams Little League

The All-Star team composed of players from the Red Sox, Pirates and Braves defeated the All-Stars from the Phillies, Cardinals and Yankees, 13-9, Saturday night on the Biglerville High School football field under the lights. The contest marked the end of the 1964 Upper Adams Little League regular season.

The winners, which were listed as the visitors, were paced by Rick Byers. Byers, one of the top players in the league, played for the Red Sox during the regular campaign. During his three innings of pitching, he fanned eight batters and while at his shortstop post he came up with some outstanding plays. He turned in a perfect three for three at the plate.

Prior to the game, the American Legion Post of Biglerville presented Ben Fry, manager of the Phillies, a trophy for the winning of the 1964 regular season championship as he guided his team to a perfect 10-0 record.

## Fairfield Pony League

The Amvets and Fairfield recorded victories in Saturday afternoon's scheduled games. The Amvets defeated Mummasburg 5-2 while Fairfield turned back Cashtown 8-2 on the winner's field.

The Amvets tallied one run in each of the first four frames to decide the contest on the Mummasburg field. Gary Deardorff went the distance for the Amvets and gave up but four scattered hits. Dave Funt and Toby Knipple combined to turn in the same performance for the losers. However, Mummasburg committed eight miscues which led to several Fairfield runs.

Mummasburg will play at Fairfield this evening to make up a game from last week.

## SP ALL-STAR SQUAD GAINS 12-5 VICTORY

A six-run third inning carried the South Penn League All-Stars to a 12-5 decision over the Susquehanna All-Stars Sunday afternoon at Hellam before a large crowd. Susquehanna won a 1-0 verdict last Thursday at Littlestown in the first of the two-game series.

In the third inning walks to Bill Singley, George Billman and Bob Weaver loaded the bases. John King singled home two runners and Fred Murren singled to reload the bases. Dean Yealy walked to force in a run. A sacrifice by Kermit Singley produced another run and then Dale Sites singled over two more tallies.

Sites, who led the victors with three hits, drove across two more runs in the fourth to give him four rbi's.

Bob Miller, president of the South Penn League, today expressed his appreciation to the league's squad members for their cooperation and sportsmanship shown in the exhibition series.

## VENTURI WINS BY ONE STROKE AT HARTFORD

**By LOU BLACK**
**Associated Press Sports Writer**

HARTFORD, Conn. (AP)—It was Ken Venturi Day today in San Francisco, home of the popular U.S. Open golf champion.

But before flying of to the city by the Golden Gate, the 33-year-old Venturi with the white cap had quite a day or himself Sunday in the Insurance City Open.

Picture it. There was the National Open king, heading for victory like a man out for a walk. All he had to do was par the 71st and 72nd holes. Suddenly his game collapsed.

**AMAZED EVERYONE**

Venturi got a bogey on the 71st and a double bogey for a six on the 72nd, amazing the crowd of more than 18,000 as well as himself. He was left with a 273 total, 11 under par.

That set it up for the cliff-hanging finale. Sam Carmichael, 25, a sophomore PGA tourist, and veteran Al Besselink, playing behind Venturi, knew what they had to do to win.

But Sam missed an 11-foot putt that he had to sink to win, and Bessy's bold pitch to the green and possible victory rolled to the apron, forcing him to take two more shots and a bogey five.

**4 RUNNERS-UP TIE**

Besselink, Carmichael, Paul Bondeson, 25, and Jimmy Grant, a 22-year-old amateur from the home club—Wethersfield—had to settle for a four-way tie for runner-up, one stroke off the winning total.

While Venturi flew to the Pacific Coast for a parade in his honor and a brief vacation, his first since winning the National Open more than a month ago, most of the other pros headed for the Canadian Open that starts Thursday at St. Luc, Que.

**SUNDAY'S STARS**

BATTING—Rico Carty, Milwaukee, lashed five hits, including two homers, and drove in eight runs as the Braves swept the New York Mets 11-7 and 15-10. He increased his batting average to .342, second best in the majors.

Pitching — Johnny Buzhardt, Chicago, stopped Minnesota 3-0 on six hits in the second game of a dougleheader taken by the White Sox.

## YANKS UNSEAT ORIOLES WITH DOUBLE WIN; CHISOX WIN 2

**By DICK COUCH**
**Associated Press Sports Writer**

Those double-dealing Los Angeles Angels are getting meaner by the minute.

Their pilot got himself grounded between flights Sunday and the Angels soared right past the fallen leader without a backward glance.

Bill Rigney, the Los Angeles manager, established some sort of record when he was ejected between games of a double-header at Kansas City. But Rigney's absence didn't stop the Angels from completing a 3-0, 4-3 sweep over the Athletics and tying a 58-year-old major league record.

**5TH DOUBLE-HEADER**

The double-header victory was the streaking Angels' fifth straight over a two-week period and concluded a 10-3 road trip that has vaulted them into the American League's first division. The 1906 Yankees were the last club to sweep five consecutive twin bills.

Umpire Al Smith chased Rigney during the home plate meeting preceding the 10-inning nightcap after a heated debate over a first-game decision. Rigney claimed a triple by KC's Chuck Shoemaker should have been called a ground-rule double.

Rigney will be back when the Angels—in fourth place, three games over the .500 mark—open a three-game set against the league-leading New York Yankees tonight at Los Angeles.

**UNSEAT ORIOLES**

The Yanks unseated Baltimore with 11-6 and 5-4 victories over Detroit while the Orioles lost to Washington 4-1 and fell one half game behind. The third-place Chicago White Sox staggered Minnesota twice, 5-4 in 12 innings and 3-0, and Boston swept Cleveland, 6-1 and 3-1.

## Bigler Cindermen Win Five Medals

Seven Biglerville youngsters won five medals in the South Atlantic Junior Olympics held Saturday at Clifton Park, Baltimore. Medals were awarded for first, second and third places.

Connie Fissel suffered her first loss but finished second in the intermediate high jump with a leap of 4-6. Pat Brown took second place in the junior softball toss with a throw of 148 feet. Gail Alwine won third place in the intermediate 100-yard dash, Melinda Trone was fourth in the intermediate 100-yard dash and Kathy Reedy was fourth in the junior 75-yard dash.

John Pitzer gained a third place in the senior boys 220 dash with a 23.6 clocking. David Sterner copped a second place in the midget broad jump with a leap of 11-7.

# Saigonese Not Convinced War Is Worth Fighting

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP)—"We don't try to recruit troops in Saigon because they don't make good marines," says a U.S. adviser to the Vietnamese marine corps. "The South Vietnamese country boys are stronger, they're more susceptible to discipline, and they make better fighters."

A U.S. civilian official said: "If we could persuade the Saigonese that this war was worth fighting, we'd have won half the battle."

A U.S. Ranger adviser, a West Point man, said: "With decent leadership, Vietnamese troops can do wonders. Without dedicated officers from Saigon, they're lost."

**"WEARIEST TYPES"**

And another adviser said: "There's a lot of talk about the Vietnamese people being weary of the war. People who talk that way should have a look at some little self-defense corps post in the heart of Viet Cong territory that's been holding out for days and months and years without a whimper.

"There's a lot of war weariness all right—in Saigon.

"The weariest types you'll ever come across are sitting behind desks in Saigon, where they haven't heard a shot fired in anger in 10 years."

By and large, such criticism has not been directed at Maj. Gen. Nguyen Khanh, the Vietnamese premier. Khanh has liberalized pay and decoration policies for his troops, tried to improve morale generally, and has set an example by visiting the men under fire. Some of his officers have followed the example.

But Saigon, a city of nearly two million inhabitants, about one-seventh of South Viet Nam's population, remains generally indifferent.

Government sources report unusually large numbers of wealthy Vietnamese applying for exit visas needed to resettle in other countries.

While Khanh has threatened the death penalty for officials convicted of corruption, reports from normally reliable sources have it that corruption is once again on the increase, even in upper-command echelons.

The city's uproarious night life continues at full tilt. Juvenile delinquents and the crime rate are soaring.

## Arrest 3 Men In Counterfeit Money

NEWARK, N.J. (AP)—Three men were arraigned before a U.S. commissioner Friday on charges of possessing and passing counterfeit money in Mahanoy City, Pa.

U.S. Commissioner Thomas W. Clohosey said the indictment charged the three with passing counterfeit $10 bills.

The three men were arrested by police and Secret Service agents on a complaint from federal agents in Pennsylvania.

Clohosey's office identified the three as James Dancsecs, 23; Robert Visconti, 22; and Edward Sadukas, 26, all rom Bound Brook. They were freed on $1,500 bail each.

PHILADELPHIA (AP) — An assembly worker was crushed to death Friday when a 700-pound metal door fell from a crane and struck him. Joseph Bergeron, 42, of Trevose, was standing beside a simulated space capsule at the F. J. Stokes Corp at the time of the accident.

## Low-Rent Project Planned For Aged

CHESTER, Pa. (AP) — This city plans a $5 million low-rent apartment project for the elderly with 300 units.

The project will consist of several 10-to-12 story buildings, it was announced Friday by John J. Fitzgerald, city urban renewal administrator.

Fitzgerald said the project would be completed about 2½ years after federal funds are made available. The government already has approved the addition of 300 housing units to the 1,390 units of the Chester Housing Authority.

The 300 units would include 90 efficiencies, 180 with one bedroom, and 30 with two bedrooms.

# STATES MOVE GRADUALLY IN APPORTIONING

By RALEIGH H. ALLSBROOK

NEW YORK (AP)—Don't expect the Supreme Court's legislative apportionment ruling to produce many changes before next year.

Only a few states appear ready to elect state legislators this fall under new apportionment systems. Most states are pointing toward 1965 as the year for doing something.

The court's historic ruling June 15 held that seats in both houses of state legislatures must be apportioned on a population basis and not along geographic lines.

**POLITICALLY EXPLOSIVE**

It meant politically explosive overhauls of most legislatures.

The court set no time limit for carrying out the order and it gave lower courts freedom to deal with "remedial devices."

A nationwide survey by The Associated Press shows Colorado and Michigan are the only states that appear certain now of selecting legislators next November under revised population apportionment plans.

The Colorado legislature completed work July 6 on a reapportionment bill and a three-judge federal panel approved it as being within the Supreme Court guidelines.

Michigan voters approved last year a new state constitution with a revised apportionment formula.

**NEW YORK**

The situation in New York is similar to that in a number of states. A special three-judge federal court will hear arguments later this month on whether reapportionment must be carried out in time for the November election.

Kentucky reapportioned its legislature before the Supreme Court ruling, with population one of the major factors. The plan is regarded in the state as being one of the best in the nation and has not been appealed to the Supreme Court so far.

In Massachusetts, an apportionment plan based on voter registration was adopted in 1962 and will take effect with the legislature elected in November.

State officials say this roughly produces the same result as apportionment based on population.

Oregon already had reapportioned its legislature on a population basis. The plan was approved in the 1952 general election. The state is not planning further action.

Vermont is one of the few states where the courts have drawn up specific timetables.

A federal court ruled apportionment must be carried out by April 1 and the present general assembly can conduct no business until this is completed. A new legislature is expected to be elected in the spring.

NEW DELHI (AP)—The death toll in the cholera epidemic in central India has risen to 113 since July 1, authorities reported Friday.

More than half the population of 60 villages in Maharashtra State has been inoculated in an effort to stem the outbreak.

# JAMES SEEKS SCOOTER FOR FOR BIG 33

HERSHEY, Pa. (AP)—Pennsylvania Big 33 coach George (Lefty) James is looking for a "scooter"—the human kind that is.

"Most of the halfbacks I have run like fullbacks," James said today as Pennsylvania continued tuning up for its Aug. 1 battle against Texas in the 1964 Big 33 high school all-star football game.

"Im just not satisfied with the way our halfbacks are moving," he said. "Harvey Colston of Middletown (the state's leading high school scorer last year) will give us some speed, but we're still looking for a speedster to share that spot," James went on. "Roger Grimes of Cornwall and Ben Gregory of Uniontown are sharing the right half spot. Grimes is number one offensively and Gregory is among the best defensive backs."

**RAISE THEIR FLAG**

Texas meanwhile won a major victory over the Pennsylvanians Friday, but the Coal-crackers promise to win the war.

For some 45 minutes, the flag of the Lone Star state flew high over the Pennsylvania training headquarters here.

A dozen or so of the Texas players ran up the red, white and blue banner prior to joining the Keystone State players for supper. They said they planned to fly their state flag whenever and wherever they could.

The first reaction of the Coal-Crackers was to muster their forces and take down the enemy banner. But they finally consented to play the part of gracious hosts until, as one member of the squad put it, "we lower their flag on the night of Aug. 1."

## Oppose Changes In Traffic Court Plan

PHILADELPHIA (AP) — A proposal by Dist. Atty. James C. Crumlish to decentralize Traffic Court has drawn criticism from the Philadelphia Chamber of Commerce and the Keystone Automobile Club.

A return to the district police court system for disposing of traffic tickets would open the door to ticket fixing, the two groups said Friday.

Crumlish's statement that police are over zealous in issuing trafic tickets also drew a rebuttal from the chamber's safety council. The council said police ticketing for "hazardous violations" is still below suggested levels."

## World News

TOKYO (AP)—Japan's Socialist party is trying to whip up another Girard case.

The country's No. 2 party handed demands to the Conservative government and the U. S. embassy that a Japanese court try U.S. Marine Pfc. Manuel A. Covarrubias of Wapato, Wash., for the fatal shooting Monday of a Japanese woman. The woman did not obey his orders to halt after he found her in a restricted area at Camp Fuji, near Tokyo.

U.S. military authorities said earlier that Covarrubias was on duty at a U.S. base and primary jurisdiction therefore lay with the United States under the U.S.-Japan Status of Forces agreement.

The Socialists called the shooting "a recurrence of the Girard incident." They demanded that the United States abandon Camp Fuji, and that Japan withdraw from the U.S.-Japan joint security pact.

The Socialists led the protests in the trial of U.S. Army Spec. William Girard, who killed a Japanese woman metal scavenger on a U.S. firing range. The Japanese court gave Girard a three-year suspended sentence, but U.S.-Japan relations were severely strained.

# PLAN CHANGE IN S.S. BENEFITS

WASHINGTON (AP)—A bill to increase Social Security benefits and raise the tax used to support them would improve the long range financial status of the program, the House Ways and Means Committee reports.

The legislation, which comes up for House consideration Wednesday, would provide an across - the - board increase in benefits of 5 per cent, liberalize eligibility provisions for 600,000 elderly persons and continue child's survivors benefits to age 22, instead of cutting them off at

It would also let widows start receiving benefits at age 60 instead of 62, and extend coverage to self-employed physicians and interns.

The bill also provides a rate increase which would up the Social Security tax from the present 3 5-8 per cent each on employers and employes to 3.8 per cent on Jan. 1 with peak of 4.8 per cent after Jan. 1, 1971. The amount of earnings subject to the tax would be raised from $4,800 to $5,400.

# NOW IT'S AIR CONDITIONING FOR OUR PIGS

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Central air conditioning for pigs is the latest gleam in the eye of the environmental control engineer. He says it will give you better pork chops.

He adds that it will cut the farmer's feed bills by letting the pigs get heftier faster without making hogs of themselves.

This type of engineer also says that a dairyman who plays it cool will get a lot more milk in hot weather.

**PRECHILLED NEST**

A prechilled nest can fool a hen into laying more eggs. What's more they'll be bigger eggs with stronger shells. Since small eggs and thin shells affect the hatching and survival of young chicks, the poultry raiser could pare a bit off his dollar losses in the usual summer slump in egg production.

Young calves also slow down in gaining weight when the temperature goes to 80 degrees or higher. It's been doing that with great regularity in many places most of this summer.

All of this selling pitch, the engineer thinks, will woo many an animal raiser within the next five years and make barns and chicken houses year - around comfortable havens at steadily lowering costs.

**PIG RAISERS**

Pig raisers are already heeding them, according to the environmental control engineers at General Electric. And this has led to some figures on how a pig reacts to heat and to controlled temperatures.

At temperatures of 60 and 70 degrees, a well-adjusted pig will gain more than 1½ pounds a day on 3½ pounds of feed. At around 90 degrees the same animal for some reason wants to eat more than 6 pounds, and gains about 1 pound in weight.

The engineer reasons that the cooler pig will produce top grade bacon, ham and pork products at lower feed cost, and therefore offer lower prices to the consumer.

**FERTILITY RATE**

Also the hot months adversely affect the fertility rate of swine, the size of their litters, and even the quality of the pork chop.

Pigs can be a problem other ways, too. The mortality rates of the young are among the highest among domestic animals. At the Border Co. they say they have a system to counteract that.

Pigs are taken from the mother just before normal birth time while they're still disease free, and put in isolation units and brooders until four weeks old. That, of course, calls for a special feed formula. And the scientists there claim it all but eliminates the mortality rate that can run as high as 40 per cent in an unpampered litter. The special formula has nutritional value similar to sow's milk and is used by some farmers to replace cow's milk formulas they've used to ward off pig diseases.

**FEED SUPPLEMENTS**

And makers of feed supplements are just as sure as the environment control engineers that they can raise milk output, put more weight on beef cattle, fatten chicken drumsticks and get more eggs out of a hen. They, too, have statistics they like to quote.

The consumer? Well, he has promises of better food, and can hope for lower prices, as such human niceties as air conditioning and fortified foods are extended further among the animal population.

William Johnston with his family, Pittsburgh, was the "500,000th visitor" to the Civil War Wax Museum, Sunday afternoon, William Richardson, director, announced today. The half million visitors have visited the museum during the short span of 27 months.

The Johnstons, including Mrs. Johnston and children, Bill Jr., Vicki and James, were presented gifts by Richardson and were given a guided tour of the museum. The Pittsburgh family was enroute to their home from Maryland following a vacation. Johnston is stewart of the American Legion Home in Oakmont.

The wax museum opened for business on April 19, 1962. It contains over 200 life-size figures with the most famous part of the museum being the "Battle-room" auditorium which houses 100 figures re-enacting the Battle of Gettysburg. The museum and gift shop employ over 20 local people with a total payroll of over $50,000 annually.

## Boy, 12, Disobeys Mom But Saves Girl

GLOBE, Ariz. (AP)—Twelve-year-old Peter Grothe of Globe has a cold, and was on strict orders from Mom to stay out of the water over the weekend.

However, while playing along the banks of Pinal Creek Sunday, he saw 5-year-old Beth Golden being swept downstream. She had been wading in the creek near her home and was carried out of the shallow water into the swift current.

Peter jumped in the water, grabbed the girl and held tight as they were swept another 150 feet downstream. Then he helped the girl scramble ashore.

"Boy, I'll get it when I get home," said the boy to a sheriff's deputy. "I've got a cold and wasn't supposed to get wet."

A University of Minnesota test showed cows milked four times daily—at six hour intervals—gave nearly 8 per cent more than cows milked twice daily, reports the "Grassland News."

## GIRL, 10, IS LAUDED BY LBJ

BETHLEHEM, Pa. (AP)—A 10-year-old Bethlehem girl has been commended by President Johnson for "a job well done" in raising $1,300 for victims of the March 27 earthquake in Alaska.

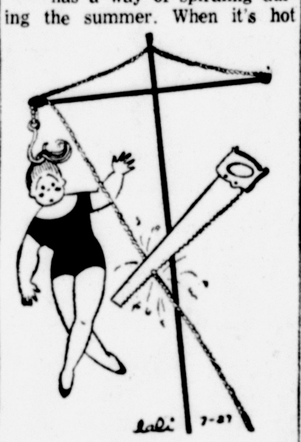
Kim Shortell was presented with a personal message from President Johnson on Saturday by U.S. Rep. Fred Rooney, D-Pa. In it the President praised Kim for "a worthy accomplishment and one which deserves the admiration and praise of boys and girls everywhere—a job well done."

Now Kim is hoping she can go to Alaska to present her gift to the mayor of Anchorage or the governor of Alaska. The Northwest Bethlehem Lions Club has started a fund to fly Kim and her mother, Mrs. Sonia Shortell, to Alaska for the presentation—probably on Aug. 14.

## A Lovelier You

By MARY SUE MILLER

WHAT GOES UP . . . Weight has a way of spiraling during the summer. When it's hot



we laze, and when we laze we snack. How idle hands do make mischief in the cookie jar!

Well, what goes up must come down, unless a gainer would really enjoy wriggling into her fall clothes. With very little effort, 10 pounds or more would be snipped away within six weeks by following this program:

1. Regulate your daily intake to 1,500 calories. Do it by cutting down on starches, fats and sweets. Those are the big weight-producing foods. They also generate body heat. So limitation overcomes both weight and weather.

Why do you need these foods at all, you may wonder. Without them you would be unduly tired and hungry. Our aim is to keep you healthy and happy while dieting. And that you will be, if the emphasis in your meals is on lean meat, fowl and fish; raw and plain-cooked green and yellow vegetables; eggs, skim milk, fresh fruits and juices.

2. Even when it's 100 in the shade, get some exercise. Physical activity speeds the reducing process and perfects figure proportions. Moreover, after exercising, you feel cooler and calmer. For workouts act as an escape valve for body heat and heat-ridden nerves.

3. Make a point of pulled-up posture. It's the easiest of figure-conditioners, yet a powerful shape-maker.

# EARNINGS OF PET MILK CO. JUMP 50 PCT.

ST. LOUIS, Mo. — Net earning of Pet Milk Company for the three months ended June 30, 1964, were 50 per cent higher than those of a year ago, it was announced today by President Theodore R. Gamble.

Gamble reported that consolidated net sales for the period were $72,943,000 compared with $64,906,000 for last year, and net earnings were $1,448,000 compared with $967,000 a year ago.

Earnings per share of common stock for the quarter (after dividends on preferred stock and provision for taxes) were 71 cents, compared with 46 cents a year ago — an increase of 54 per cent. The year-ago figures were restated from 44 cents per share to include the retroactive effect of the Revenue Act of 1964 on the investment credit.

**INCREASES IN OPERATIONS**

Gamble reported that the substantial improvement in earnings reflected increases in nearly all areas of the company's operations. Marked improvements were shown by the Milk Products, Dairy, Musselman and Frozen Foods divisions.

Commenting on the first quarter results, Gamble said: "We are, of course, highly pleased with our results during the first three months of our current fiscal year. While we hope we can continue to show increases during each of the remaining quarters, there are a number of factors present which will undoubtedly result in a lower rate of increase than we achieved during the initial quarter. Principal among these are heavy new-product introduction costs as several important new products emerge from successful test marketing and we begin national distribution."

# ICE CAPADES OPEN AUG. 15

For the first time, the pre-Broadway opening of "Ice Capades" will take place at the Hershey Sports Arena August 15 through 22. Commemorating a silver anniversary that represents 25 years of spectacular ice productions, the all new edition will play for six nights and two matinees.

This year's festivities begin with a formal greeting from the entire cast in "All of Us," a richly produced welcome to the audience. Beyond that, six other production numbers take the audience on a lighthearted "back-home" promenade through the old-fashioned exhibits in "At the County Fair" or transport the soul to the inspiring beauty of Japan in "Night of the 13th Moon." Romancing the heart at the turn of the century, "When Paris Was Young" presents an unforgettable love story, while "New York's Got It" captures the throb and excitement of the big city.

Two other colorful presentations are "Bolero" set to the driving music of Ravel's famed composition and a rousing football and high school prom finale, "The Big Game."

The world famous skaters in this year's exciting show are topped by Hershey's Tommy Litz, who turned professional last spring after competing in the recent Olympic and World Championships; World Champions Otto and Maria Jelinek and Aja Zanova; the favorites Phil Romayne and Cathy Steele, Hans Leiter, Lynn Finnegan, Brigitte, Peter Voss, Spanky the Chimp and scores of others.

# BUY TURKEYS TO SERVE AT SCHOOL LUNCH

Secretary of Agriculture Orville L. Freeman has announced plans to buy young turkeys for distribution to schools taking part in the National School Lunch Program.

The secretary stated that the purchases will be planned to fit the seasonal marketing pattern for turkeys. Marketings generally increase in August, and continue on an upward trend through September, October and November. USDA'S school lunch purchases will be timed to this seasonal upturn, with buying starting in early August.

**INVOLVES 17 MILLION**

USDA officials said this timing will contribute to satisfactory procurement for the 17 million children who are expected to take part in the National School Lunch Program during the 1964-65 school year.

Turkeys purchased will be fresh frozen ready-to-cook U.S. Grade A hens and toms, and funds will be provided by section 6 of the National School Lunch Act. Buying operations will be similar to those of recent years, with exact details to be announced in late July. When ready, purchase announcement details will be distributed to the trade by the Poultry Division, Agricultural Marketing Services, U.S. Department of Agriculture, Washington, D. C., 20250.

**ASK FOR WAIVERS**

CINCINNATI (AP)—The Cincinnati Reds asked waivers Sunday on infielder Bobby Klaus. The club had to get down to the 25-player limit as two others were brought up from San Diego.

Catcher Hal Smith was given his unconditional release Saturday so the Reds could make room for third baseman Chico Ruiz and first baseman Tony Perez.

## "Rolling Stones" Flee Teen-agers

BLACKPOOL, England (AP) —The Rolling Stones, a group of beat musicians, fled from a dance hall stage Friday night as youthful rioters wrecked their instruments and battled police called to quell the disturbance.

The outbreak flared when one of the long-haired group aimed a kick at a youth who tried to clamber onto the stage.

The cheers of 7,000 dancers turned to boos and the musicians fled as irate teen-agers swarmed the stage.

## Urges New Rule On Hauling Explosives

STROUDSBURG, Pa. (AP)— Ernest E. Cox, Interstate Commerce Commission official, has recommended a set of new regulations to govern the hauling of explosive materials.

He offered his suggestions Friday at the close of a two-day hearing into the June 26 trailer explosion that killed six persons and injured 13 at Marshalls Creek.

Cox said that a four-year survey showed faulty tractor-trailer tires cause 10 per cent of all deaths resulting from truck fires.

The ICC official recommended that nitro-carbo-nitrate be reclassified from an oxidizing agent to an explosive.

He suggested that a competent agent of companies hauling explosives should perform a periodic check on the condition, size and air pressure of tires used on the trucks carrying high explosives.

# NEW BOOK IS PUBLISHED

"For When Tomorrow Comes," a selection of thoughts on man's quest for his immortal soul, written by Rodney P. Neiderer, Hanover R. 4, has just been published by Exposition Press.

In his book, Neiderer does not attempt to answer any provocative questions in an abstract or metaphysical manner, but rather he endeavors to show that there are means and ways to achieve happiness and peace both on earth and in heaven.

In a broad, philosophical sweep, Neiderer states that all our desires are, after all, man-made, and that man himself may be his own greatest enemy. The author then speculates on human misery and its causes. Finally, he comes to the conclusion that only by an understanding of the necessity of love of God may adversity be conquered.

Now in the sales department of Mutual of Omaha, the author is married to Glenda J. Neiderer and is the father of three children. He was born in Hanover. Originally planning to prepare for the priesthood, he attended parochial high schools, prep schools and higher institutions of theological learning. With reading and writing as his main hobbies, he devotes his time to his family, his work and the desire to guide people into the ways of God, as he puts it.

Wife to neighbor, as they watch husband mending window: "For years he had me believing his union wouldn't let him repair things in the house."

HARRISBURG (AP) — Republican Negroes "cannot and will not" support GOP presidential candidate Barry Goldwater, says William P. Young, Negro cabinet officer in the Scranton administration.

Young, state secretary of labor and industry, and a long-time spokesman for Pennsylvania Negro Republicans, said Friday in an interview "I'm afraid Sen. Goldwater is not going to get any Negro support around the country—substantial support, that is."
